Core Skills

JavaScript (ES6+)	★★★★☆
React	★★★★☆
Angular	★★★★☆
TypeScript	★★★★☆
HTML5 & CSS3	★★★★☆
Micro Frontends	★★★★☆
Unit Testing	★★★★☆
CI/CD	★★★★☆
Tooling & CLI	★★★★☆
Performance Optimization	★★★★☆
Debugging	★★★★☆

Professional Summary

Results-driven frontend engineer with 14+ years building scalable UI solutions, micro-frontend platforms, and developer tools. Strong OO foundation, tests-first mindset, and expertise across the full frontend lifecycle — architecture, CI/CD automation, performance optimization, and team mentorship.

Experience

Principal Software Engineer — ConnectWise (Remote) | Aug 2022 – Present

- Lead development of ASIO platform Micro Frontend applications: RMM, Network Devices, Backup Dashboards & Brightgauge.
- Enhanced @cw-ui/cli to support GitLab pipeline migration, improving build speed and reliability.
- Collaborated across teams to improve reusability, reduce bundle size, and enforce performance standards.

Senior Software Engineer — ICE Mortgage Technology, Pune | Sep 2020 – Aug 2022

- Maintained high-quality code through unit tests, vulnerability fixes, and secure coding practices.
- Developed and maintained CI/CD pipelines using Jenkins for streamlined deployments.
- Conducted code reviews, mentoring peers on best practices and security compliance.

Senior Software Engineer — Xoriant, Pune | Feb 2018 – Sep 2020

- Enhanced Encompass NG & TPO Connect applications with performance improvements and new features.
- Created a reusable file browser component library, reducing future development time by 30%.

Module Lead — Zedo, Pune | Jan 2015 – Jan 2018

- Owned a video player product lifecycle from architecture to delivery.
- Developed the Chetak reporting tool (Angular 4 + Material), improving reporting efficiency.
- Architected ad-serving video players supporting multiple formats and VPAID ads.

Software Engineer II — Benchmark, Pune | Apr 2013 – Jan 2015

- Built Filta Mobile App (AngularJS + SugarCRM REST API) with lazy-loading and responsive design.

Software Engineer — Aloha Technologies, Pune | May 2012 – Apr 2013

- Developed ShortSaleCommander using JavaScript prototyping and MongoDB.

Education

- MCA — Punjab Technical University, Kolhapur (64%)
- BCA — Tilak Maharashtra University, Kolhapur (74%)
- XII — Maharashtra State Board, Kolhapur (69%)
- X — Maharashtra State Board, Kolhapur (62%)
